EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech	Indian Institute of Technology, Guwahati	7.94(Current)	2023-Present
Senior Secondary	HSC Board	82.33%	2023
Secondary	ICSE Board	96.16%	2021

PROJECTS

• Semi Supervised Weed Detection Model

February 2025

Kriti 2025 Problem Statement

[Link](#)

- Engineered a YOLOv8-based weed detection model addressing real-world agricultural challenges.
- Applied advanced methodologies such as FixMatch and high-confidence pseudo-labeling.
- Enhanced model performance using innovative data augmentation and semi-supervised learning techniques.

• Agrow- A farmer management system

March 2025

ImpactHacks Prayatna 2025

[Link](#)

- Developed Agrow, an AI-powered web platform to optimize farming efficiency in Northeast India.
- Integrated machine learning models for weather forecasting and AI-driven crop price prediction.
- Designed an intuitive stock management system to minimize wastage and enhance profitability.

• Excel Extension for Linear Regression

January 2025

Consulting & Analytics Club

[Link](#)

- Built a VBA-powered Excel Add-In for automated regression analysis, computing slope, intercept, and R^2 score.
- Designed customizable input and error-handling mechanisms ensuring robust performance.
- Integrated graphical visualization, generating scatter plots with best-fit regression lines for insights.

• Student Management System

December 2024

Personal Project

[Link](#)

- Created a secure CRUD-enabled student management system integrating Python (Tkinter) and MySQL
- Designed an intuitive GUI that improved system usability and streamlined user operations.

POSITIONS OF RESPONSIBILITY

• Associate, Consulting & Analytics Club, IIT Guwahati

- Cleared both rounds of Krack the Hack, 2 days long AI-ML Hackathon.
- Organised Convolve 3.0, a PAN-IIT hackathon.
- Working on Techevince (annual club project showcase) project with the club.

• Core Team, Techniche, IIT Guwahati

- Coordinated Guwahati Half Marathon 2024 and Techniche 2025 events.
- Spearheading events planning for upcoming editions in 2026.

ACHIEVEMENTS

- MnAnalyse:** Global Rank in Top **10** among **2000+** teams, organised by *Finance & Economics Club, IIT Guwahati.* 2024
- ImpactHacks:** Rank 2 among **500+** teams, organised under *Prayatna*, socio-welfare fest of *IIT Guwahati.* 2025
- JEE Advanced 2023:** Secured AIR **4120** among **0.20 million** candidates appearing for the test.
- JEE Mains 2023:** Ranked among top **0.52%** of over a million candidates appearing for the exam.

TECHNICAL SKILLS

- Programming:** Python, C/C++ *
- Development Tools:** Flask*, Tkinter*
- Data Processing Tools:** NumPy, Pandas, Matplotlib, Seaborn, SQL*
- Tools and Frameworks:** Pytorch*, Tensorflow, Keras, Scikit-learn, Git*, Selenium*, Beautiful Soup*.

KEY COURSES TAKEN

**Elementary Proficiency*

- Mathematics and Computer Science:** Differential Equations, Single and Multi-variable Calculus, Complex equations, Introduction to Computing.
- MOOCs:** Deep Learning Specialization by *deeplearning.ai*, *Complete ML,DL,NLP Bootcamp* by *Krish Naik*, Summer Analytics, Winter Consulting.

EXTRACURRICULARS

- Hockey:** Secured **Silver Medal** for my hostel in *Spardha* Inter-Hostel Sports Competition. 2024
- Robotics:** Secured **Bronze Medal** for my hostel in *Kriti* Inter-Hostel Technical Competition. 2024
- Group Dance:** Participated for my hostel in *Manthan* Inter-Hostel Cultural Competition. 2024
